Visit our website for the most up-to-date list of Christmas tree meetings and other related events. (go to www.KelcoMaine.com and click on the Coming Events menu option).

Farewell to Our Founder, Doug Kell

Dugald (Doug) Kell Sr. died peacefully in the early hours of October 29, 2022, in Ellsworth, Maine. At age 92, Doug had lived a life filled with adventure. He was a boat captain, fishing guide, private pilot, pre-NASCAR race car driver, sailor, inventor, as well as the founder and president of Kelco Industries. He was married for 60 years to Liliane Kell, the love of his life, who predeceased him in 2016.

Doug began his long career in the Christmas tree industry in 1955 by making his first trip to Downeast Maine to buy Christmas trees to sell in New Jersey, where he lived. This business, Kelco Industries, provided supplemental income to his career as a fishing boat captain. He soon expanded Kelco by wholesaling wreaths made in the homes of Maine wreathmakers. In 1962 he bought the old Milbridge schoolhouse as headquarters and wreath shop for Kelco Industries. This schoolhouse remains our location today and can be seen on the cover of this catalog.

Doug was a pioneer of mail order wreaths in Maine, founding Sunrise County Evergreens in 1964 as a subsidiary of Kelco. In 1976, he ended his fishing career to grow these businesses and moved his family to live full time in Maine. He not only innovated and supplied the Christmas tree and wreath industry but also promoted that industry at the local, state and national level.

Doug Kell Sr. made an impact on many in the Christmas industry. It is with deep sadness that we bid farewell to him. Goodbye, Captain Kell. May you have steady winds and following seas on your journey.

K102 Wreath Machine with Mechanical Clutch -

The K102 Wreath Machine has a dependable, mechanical motor clutch that is easy to maintain and has proven trouble free through millions of production hours. This heavy-duty Wreath and Garland machine is designed for long trouble-free use. We have tested and proven this design in quality production for over 40 years in our own wreath factory.

The K102 does the wire wrapping for you, using standard, inexpensive wire rings and spool wire to produce wreaths of handmade quality, large or small, with ease and speed.

Garland and wreaths are easily made from whatever greens are available at your location. Convert your culls into profit. This is essential equipment for the heads up producer of wreaths and garland, whether you are a choose-and-cut operator, a retailer, or a high volume producer.

Item# K102-MCL (KELCO) 170 lbs. (Shipped in 5 Boxes) \$ 4175.00

CONVERSION KIT - This new kit is to convert from electric to mechanical clutch on your K102 Wreath Machine. The kit includes a new motor clutch plus all the necessary parts and instructions for complete installation. Time required for installation is approximately 1 1/2 hours.

ONE STEP CLAMP-ON MACHINE

PDS B

One step on foot lever tightly closes clamps on any material.

FEATURES:

- + Easy to set up
- + Adapt to your own table
- + Fits Kelco AH00T Table
- + Simple adjustment for clamp size
- + Short 3 inch foot stroke
- + One motion always closes clamp tightly
- + Use any material - Fresh or dry
- + Expert results from the start

One-Step Clamp

AH002	(KELCO)	Foot Clamp Machine	19 lb.	\$ 249.75
-------	---------	--------------------	--------	-----------

STANDARD CLAMP-ON MACHINE

PDS B

The AH00 Standard Clamp-On Machine is much like the One-Step Machine but closes the clamps as shown in the diagram. This unit bolts to your own table or work bench, or use one of our tables listed below. The foot pedal mounts to the floor or a cross member of the table, and the jaw actuator adjusts to different table heights. Replacement Jaws with new design (Item #AH00J) are also available.

Item# AH00	(KELCO)	Clamp-On Machine	10 lb.	\$ 248.25
------------	---------	------------------	--------	-----------

Item# AH00J	(KELCO)	Replacement Jaws	3 lb.	85.40
-------------	---------	------------------	-------	-------

Standard Clamp

AIR CLAMP-ON MACHINE

PDS B

An air-operated clamp-on machine will double your production and greatly reduce fatigue. Our machine has "one-step" jaws and is a must for real clamp-on wreath production. Mount it in your own table or use the "Kelco" tables sold below. You must supply your own pressure regulator and air source (1/2 h.p. sufficient).

AH002A	(KELCO)	One-Step Air Clamp Machine	38 lb.	\$ 1,663.00
--------	---------	----------------------------	--------	-------------

TABLES FOR CLAMP-ON MACHINES

PDS B

These tables accommodate the standard foot operated and the one step clamp-on machines. Made of sturdy metal and designed much like that of our K102 Wreath Machine.

AH00T	(KELCO)	Table for Standard Machine	75 lb.	\$ 427.00
-------	---------	----------------------------	--------	-----------

AH002T	(KELCO)	Table for One Step Machine	75 lb.	427.00
--------	---------	----------------------------	--------	--------

AH002AT	(KELCO)	Table for One Step Air Machine	75 lb.	427.00
---------	---------	--------------------------------	--------	--------

DOUBLE LOOP WIRE TIE

PDS B

First Aid For Clamp Rings: If a clamp breaks, fix it in a jiffy with a Wire Tie. It works great! Many other uses include tying greens bunches and making swags. All ties are galvanized to resist rust. The 7-1/2" tie is recommended for repairs and the 9" tie is recommended for greens bunches.

AWT07-500 (7 1/2")	(USA)	500 pc.	4 lb.	\$ 23.55
--------------------	-------	---------	-------	----------

AWT07-5000 (7 1/2")	(USA)	5000 pc.	36 lb.	144.75

PEACE RING KITS

PDS A

We first produced *Peace Wreaths* in our own wreath shop in 2010 and found that using a removable center makes the task quick and easy. Any wreath ring can be used with our *Peace Wreath* kits, which include the center parts, fasteners, and instructions. The "SOFT TOUCH" clamps make it simple to craft the symbol. Just attach it to your wreath with the fasteners, and "presto", you have a *Peace Wreath*.

AD AND ADA PEACE RING KITS - These kits are designed to easily convert all AD and ADA rings into Peace Rings. AD Kits fit ADA Rings.

ITEM NO.	PKG	WT	PRICE	ITEM NO.	PKG	WT	PRICE
AD16PK	5	2 lb.	\$34.75	AD42PK	2	4 lb.	\$23.35
AD20PK	5	3 lb.	49.25	AD48PK	2	4 lb.	23.95
AD24PK	5	4 lb.	49.70	AD48WPK	2	4 lb.	23.95
AD30PK	2	3 lb.	21.35	AD60PK	1	5 lb.	19.25

AD36WPK	2	3 lb.	22.25	AD84PK	1	7 lb.	18.25

AHD, AHDA, AND AHDS PEACE RING KITS - These kits are designed to easily convert all AHD and AHDA rings into Peace Rings. AHD Kits fit AHDA Rings.

AHD16PK	5	2 lb.	34.80	AHD48PK	2	4 lb.	24.30
AHD20PK	5	3 lb.	49.90	AHDWA36PK	2	3 lb.	22.50
AHD24PK	5	4 lb.	49.90	AHDWA48PK	2	4 lb.	24.45
AHD30PK	2	3 lb.	21.70	AHDWA60PK	1	5 lb.	16.00
AHD36PK	2	3 lb.	22.35				

All Peace Ring kits (AD and AHD) have "SOFT TOUCH" clamps, except for AD60 thru ADA144. Simply close the clamps with your fingers to secure the wreath material. We use these kits here at Kelco for our own Peace Wreath production. It is much easier to make the wreath first, then add the center to make the Peace symbol. Try them and you will like them!

GOLD MAGIC TIE AND GOLD CORD-COVERED WIRE**PDS B**

Two versatile wire products with many uses. We use both for making bows and also find many other uses for these colorful products.

CHRISTMAS TREE REMOVAL BAGS

PDS B

A real profit maker. They sell like hot cakes when placed next to the cash register!

These handy plastic bags make tree removal at the end of the season easier than ever before. It's literally as easy as 1, 2, 3.

1. The white bag first serves as a tree skirt, placed between the tree and stand.
2. After Christmas, decorations are removed and the bag pulls up easily over the tree.
3. The bag is tied at the tip and the tree is disposed of neatly.

INDIVIDUAL BAGS IN A DISPLAY BOX

48 bags packed in a box that folds into an appealing display case. Colorful "Tree Care & Fun Facts" is printed on the packaging for each bag.

YOUR CUSTOMERS WILL LOVE THE
CONVENIENCE... NO NEEDLES... NO MESS...
...NO EXTRA WORK.

Bag individually packaged in
recyclable shrink-wrap bag. 48 per gross
of finished display. Bags are
144" in circumference, 60"
in height.

DECORATION & RIBBON TERMINOLOGY

Take some time to browse through the decoration and ribbon pages to get some great ideas.

We have made it easier for you to determine what type of product will work better under differing weather conditions. Following are some useful meanings to words you have seen before.

Weather Sensitive: Decorations and ribbon that fall under this heading can handle minimal exposure to outside weather conditions.

Weather Resistant: Decorations and ribbon that fall under this heading can withstand normal outside weather conditions. All pine cones will close if exposed to excessive moisture. Painted or lacquered cones will fare better than the natural. All will reopen when dried slowly.

Weatherproof: Decorations and ribbon in this category can withstand extreme outside weather conditions.

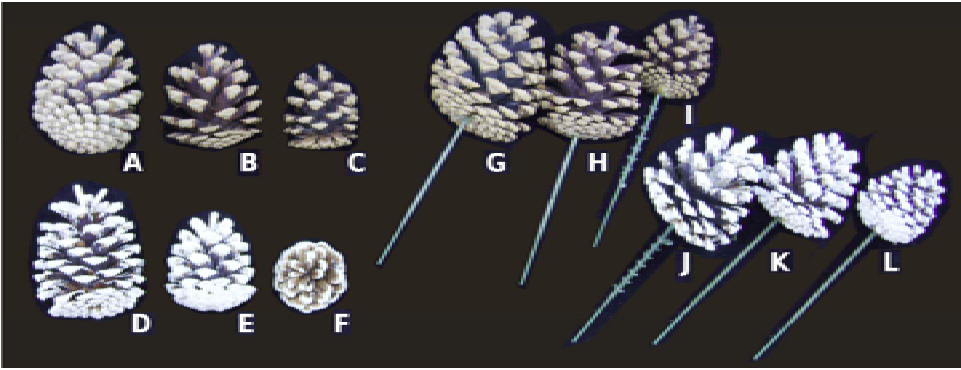

ALL ABOUT NATURAL PINE CONES

The pine cones on page 25 are imported. They were harvested primarily to collect their seeds, which are used as pine nuts in cooking. After the seeds are removed, the cones are marketed for decorative purposes. The pine cones vary in size and quality each year as they are sensitive to the weather.

New for 2022, the pine cones have all been graded by size. Ungraded bulk bags are no longer available. The count in each package should be much closer to the stated quantity than in the past (+/-5% rather than +/- 15%). As this is new for 2022 and the cones come to us pre-packaged, we cannot guarantee an exact count but we will appreciate your feedback so we can work with the supplier to improve these products.

On page 25 we offer large and small packages of three sizes of pine cones—small, large, & x-large. We also offer them with or without picks, and natural or with white tips. Please note that item numbers of familiar products have been changed to reduce some of the inconsistencies and confusion in our numbering scheme.

See Pine Cone
Info on Page 24

THE TAPER PIN TREE DISPLAY SYSTEM

PDS B

TAPER PIN SYSTEM - A convenient and inexpensive system for displaying Christmas Trees that stand straight both on the lot and in the customer's home. The TAPER PIN SYSTEM consists of a drilling machine, display pins, and a selection of consumer tree stands.

SH00 UPRIGHT DRILLING MACHINE - Simple and safe to operate, this machine automatically centers the butt of the tree and guides the drill bit for an accurate hole, tapered to fit the Taper Pin Stand. The air-operated switch is safe and user friendly. Crooked tree trunks, trimming and fitting to the stand are problems of the past. Erecting a tree at home is a joy.

For Display: The 4" x 4" tapered plate pin is easily mounted on 2" x 6" frames to display on hard surfaced lots and grommeted water bowls are available if needed. The 10" x 10" ground pin will work well in sod and fits the same bowl.

For Customers: Our full line of stands will answer all needs and ease the trauma of putting up the tree.

CINCO "NEVER FAIL" CHRISTMAS TREE STAND

PDS D

**NEW DESIGN!
IMPROVED BOLT SYSTEM!**

**MORE WATER CAPACITY!
BETTER PACKAGE!**

This easy-to-assemble, hi-impact polypropylene stand is guaranteed not to break or leak. It features a unique clover-leaf reservoir that allows you to accommodate irregular trunks and low branches. The royal crown design allows hardware to be above and outside the water reservoir, keeps it rust-free, and assures the stability of your tree. For larger trees or use on very thick carpets, this stand can be mounted to plywood by using 4 flat head screws. **Comes with a 10 year warranty.**

Pruning Shears of Unsurpassed Quality

FELCO #2

This is the original Felco design, imitated the world over! It has a replaceable, hardened, cutting blade and an anvil blade with a sap groove. Other features include solid-forged metal alloy handles and shock absorber for smooth operation.

Length: 8 1/2". Actual Wt. 0.5 oz.

SFP02 (IMP) Shipping Wt. 1 lb. \$ 82.50

FELCO #4

If you want a more basic pruner without the frills of the Felco #2, this pruner is for you. It has no rubber cushion, shock absorber or locking nut and it is priced accordingly.

Length: 8 1/2". Actual Wt. .5 oz.

SFP04 (IMP) Shipping Wt. 1 lb. \$ 72.25

FELCO #5

This is the lowest priced Felco pruner, still with excellent cutting ability. With handles made from solid steel and simplified construction. It is an ideal choice for the home hobby gardener.

Length: 9". Actual Wt. 0.7 oz.

SFP05 (IMP) Shipping Wt. 1 lb. \$ 49.00

FELCO #6

Designed for those with smaller hands yet every bit as powerful as other models. Ideal for small pruning work on young trees and the shorter blades facilitate closer cutting to the stem of plants which makes this model the "Florists' Choice".

Length: 8" Actual Wt. 0.5 oz.

SFP06 (IMP) Shipping Wt. 1 lb. \$ 79.00

FELCO #31

Felco's latest model is the result of intensive research and development of anvil technology. Handles are forged from robust aluminum alloy and are ergonomically shaped. Blades are made of top quality steel hardened with great precision to assure the perfect cut.

Length: 8". Actual Wt. 0.6 oz.

SFP31 (IMP) Shipping Wt. 1 lb. \$ 74.25

FELCO QUALITY LEATHER HOLSTERS

Made in USA from heavy duty good quality grain leather, waxed thread and extra riveting for long lasting use.

ITEM #	DESCRIPTION	WEIGHT	PRICE
SFH01	Flat W/Belt Loop & Clip	0.5 lb.	\$ 22.25
SFH02	Flat W/Belt Loop Only	0.5 lb.	\$ 19.00

Simply the Best Pruners in the World

FELCO #7

Superbly designed for the professional. Rotating handle revolves on it's axis, allowing fingers to move naturally, thereby reducing blisters and hand fatigue. Cutting blade has wire-cutting notch. Anvil blade has sap groove to prevent sticking.

Length: 8 1/2". Actual Wt. .6 oz.

SFP07 (IMP) Shipping Wt. 1 lb. \$ 112.25

FELCO #8

Identical to Felco #7, but without rotating handle. Anvil blade handle is designed to prevent pruner from sliding through the hand. Hollow-ground, this Swiss-precision, hardened steel blade features a wire-cutting notch. Length: 8 1/2" Actual Wt. .5 oz.

SFP08 (IMP) Shipping Wt. 1 lb. \$ 90.50

FELCO #9

This is a true left-hander's version of the Felco #8, with all the same fine features. Reversed handles, blades and lock catch.

Length: 8 1/2" Actual Wt. .6 oz.

SFP09 (IMP) Shipping Wt. 1 lb. \$ 84.25

FELCO #10

This is a left-hander's version of the Felco #7, again, with all the same fine features including the rotating handle and reversal of handles, blades and lock catch.

Length: 8 1/2". Actual Wt. .6 oz.

SFP10 (IMP) Shipping Wt. 1 lb. \$ 109.50

---------	-------	-----------	-------	----------

LEATHER SHEATH - For Diamond Steel (SK01BST)

SK01LSH	(USA)	Pkg. of 1	1 lb.	\$ 8.00
---------	-------	-----------	-------	---------

TREE COLORANT & CLEAR SPRAY

PDS C

NEEDLEHOLD - will prolong the tree's "just-cut" appearance, and will enhance the appearance of wreaths, garland and all of your fresh greenery. Needlehold is a great option for when needle retention is needed. **5 GALLON CASE**

SFG6 (USA)	Needlehold	(2 x 2.5 Gal.)	50 lb.	\$ 188.00
SFG6-1 (USA)	Needlehold	(1 x 2.5 Gal.)	50 lb.	\$ 107.75

SUPER PINEGREEN - An easy to spray, water soluble, green pigment that you mix with water and spray on Christmas trees to produce an attractive, natural green coloration to trees that are subject to discoloration. After the spray dries the tree is coated with a colorfast film that lasts indefinitely and presents no problem to children or pets. Dilution Rate 30:1 **5 GALLON CASE**

SFG5 (USA)	Super Pinegreen	(2 x 2.5 Gal.)	50 lb.	\$ 161.75
SFG5-1 (USA)	Super Pinegreen	(1 x 2.5 Gal.)	50 lb.	\$ 93.50

BALER TWINE

PDS C

AVAILABLE IN RED, WHITE, BLUE AND GREEN

Manufactured of poly-propylene filament and designed to work with Howey & other twine balers.

- Waterproof, uniform in size and holds knots well.
- Lightweight, with more feet per lb. - easier to carry to field - more trees baled per ball.
- Twine ball is correct size for the twine holder - each ball is plastic wrapped, no knots.
- Approximately 267 7-foot trees can be bundled with one ball of Twine.
- 1,500 feet per lb. - 7,500 feet per ball - Tensile strength of 70 lbs.

ITEM NUMBER	PACKAGE	WEIGHT	WHITE	RED, BLUE or GREEN

WICK WIPER

PDS B

Kill weeds quickly, effectively, and economically with the WICK WIPER. Wipe away weeds without waste - no drip, no dangerous and costly spray drift. Put the killer touch directly on weeds, and walk on. Kelco has cut herbicide cost by more than 50% on its tree farm by using WICK WIPERS. **IN ADDITION** weed kill is more effective and reduces need for herbicide use in future years.

Protective shield for wiping underneath desirable plants

Reversible clear plastic elbow indicates fluid level and allows 180 degrees rotation for new wiping area and longer life

Polyester nap wiper pad with auto feeding

WW700	(USA)	Wick Wiper with 9" Applicator	4 lb.	\$ 72.50
WW700P	(USA)	Wick Wiper 9" Replacement Pad	1 lb	\$ 33.35

All Parts Available Upon Request

TREE TRAINERS

PDS D

Tree Trainers are used to establish new leaders or central terminals on trees where this is lacking. Simply slip the trainer down through the top whorl, select a lateral and place it in the two upper loops and the job is done. The Tree Trainer with 12" leader protector is designed to prevent leader damage from birds and to assist in leader repair.

TT10	(USA)	Tree Trainer	Pkg. of 50	2 lb.	\$ 39.25
TT10P	(USA)	Tree Trainer w/Protector	Pkg. of 50	2 lb.	48.75

PLANTING BARS AND DIBBLES

PDS B

One person, using our Planting Tools can plant several hundred trees a day. Follow these easy steps:

1. Insert planting bar (or tool) straight into ground.
2. Move bar back and forth (or container tool in a circular motion) to create opening large enough for root system.
3. Spread roots of bare root trees carefully and place a tree in hole. (Simply place container grown seedling root plug in hole undisturbed.)
4. Close opening. Stamp soil around tree firmly.

KPB	(KELCO)	3" Planting Bar	10 lb.	\$ 89.00
KPB1	(KELCO)	5" Planting Bar	13 lb.	\$109.00
KPD2M	(KELCO)	Dibble for #2 Multi-Pot	8 lb.	\$ 89.00

FERTILIZER PLANTING TABLETS (20-10-5)

PDS C

Use one tablet per tree, placing it near the root system by inserting with a probe after planting. Weight: 10 grams per tablet.

CHEMICAL ANALYSIS

Total Nitrogen (N): 20.00% (Ammoniacal 4.0% / Water Soluble 4.65%; water insoluble 11.35%)	Total Iron (Fe) 2.5%
Available Phosphate (P205) 10.0%	Total Manganeses (Mn) 2.0%
Soluble Potash (K2O) 5.0%	Total Magnesium (Mg) 2.25%
Chlorine (not more than) 1.0%	Total Zinc(Zn) 0.18%
Free Sulfur (S) 2.0%

KELCO TREE PLANTER

PDS D

We built this planter for our own use. It works great in sod or plowed ground for transplants large or small.

Optional spacer attachments are available. We have recently improved the spacer wheels and they now have a rubber tread for greater accuracy.

Cat Bird Seat for third person.

This improvement has allowed us to plant better and 50% faster!

Back Deck Stock Carrier

TP300 (KELCO)	Tree Planter	760 lb.	\$ 7,535.00
TP302 (KELCO)	Spacer Attachment (includes one wheel)	62 lb.	711.00
TP303 (KELCO)	Extra Spacer Wheels (4' thru 8')	30 lb.	443.00
TP304 (KELCO)	Cat Bird Seat	40 lb.	236.50
TP305 (KELCO)	Back Deck Stock Carrier	50 lb.	311.00

BACKPACK FERTILIZER SYSTEM

PDS C

Fertilizer is gravity fed through a flexible hose and into a formed fiberglass "trough" container. Remains continually full but **WILL NOT OVERFLOW**, allowing even distribution of fertilizer and **APPLIES IT WHERE YOU WANT IT!**

- Heavy duty 45 lb. capacity pouch made of 12 oz. water-resistant Dupont Cordura.
- Secured to plastic self-standing frame with a combination of stitching and heavy duty webbing.
- 2-1/2" wide, fully padded, adjustable shoulder harness system.
- 5" wide, fully padded, adjustable waist belt with quick release buckle.

BFS01 (USA)	Backpack System	10 lb.	\$ 449.00
-------------	-----------------	--------	-----------

HTB-2 MAX TAPENER SUPPLIES

PDS C

This is one of the very best labor saving devices on the market today. It is used in tying and/or staking seedlings, new leaders, vegetables, fruit vines or anything you now tie by hand. The first squeeze of the handle stretches the tape between the jaws, ready to wrap around the plant and stake or support. The second squeeze staples the tape firmly and neatly cuts the tape. One tapener does the work of three people tying by hand.

ITEM NUMBER	DESCRIPTION	PACKAGE	WEIGHT	PRICE
Max-S (USA)	Staples	Box of 4800	0.3 lb.	6.75
Max-TW10 (USA)	White Tape (200' roll)	10 Rolls	4.0 lb.	28.85
Max-B (USA)	Replacement Blades	3 Pack	0.3 lb.	15.65

KELCO INDUSTRIES' E-X-P-A-N-D-E-D DISCOUNT POLICY

1. Each product has a discount code or "PDS" (for "Product Discount Schedule"). These codes are letters A through D and are noted in the gray box heading each section in the catalogue (for example, "DOUBLE RAIL RINGS PDS..A" On Page 4). Write these codes in the appropriate spaces on the order blank for each item.
2. Calculate your order first at the full catalogue prices. The sub-total (before tax and shipping) determines your "Earned Order Level" (EOL) in the table below. Use this table to determine the percentage discount for each item. Apply these discounts to each item, then add shipping charges and tax as appropriate to find the total amount of your order.
The more you buy, the higher your discount!

EARNED ORDER LEVEL (EOL)		PDS A	PDS B	PDS C	PDS D
Level #1	\$ 875 to \$ 1,750	5%	5%	5%	0%
Level #2	\$ 1,750 to \$ 4,000	10%	10%	5%	0%
Level #3	\$ 4,000 AND OVER	15%	10%	5%	0%

The EOL you earn after May 31st each year is applicable to subsequent orders until August 31st of the following year, unless a new order qualifies for a higher level. Orders may not be aggregated to earn a higher EOL. Order cancellations will result in a charge back for an unearned discount.

Save Money! Plan your first order after May 31st each year to reach the highest Earned Order Level you can. All later orders will be at the same discount level (EOL).

QUESTIONS AND ANSWERS

Question: If I placed a \$875 order in September to reach Level #1 then ordered another \$875 in October, will I reach level #2 because the two orders total \$1,750? **Answer:** No. This discount policy was designed to encourage and award customers who order comprehensively. We do not give retroactive credits or discounts based on aggregated orders.

Question: Does my whole order have to be on one invoice, shipped at once? **Answer:** No. One order may be separated into several ship dates.

Question: How long do I retain my EOL? **Answer:** Your EOL is good until the next Aug 31st. An EOL earned after May 31st and before Aug 31st is good until the following Aug 31st. Any order placed later the same year may earn a higher EOL for you and replace the lower one you had.

Question: If my order in September exceeds \$1,750 to reach Level #2, and I later order \$125 worth of merchandise, will I still get the discount? **Answer:** Yes. Your discount will be in force for all subsequent orders until August 31st the following year.

Question: Are there products which do not qualify a discount? **Answer:** Yes. Products that are PDS "D" are ones that we cannot discount. However, they do count toward earning your EOL.

Question: Are there any products which do not qualify for earning a higher EOL? **Answer:** No. All products purchased on one order count toward earning your EOL.

Question: Why is Kelco offering this discount policy? **Answer:** We are offering this policy for these reasons: (1) By having a better handle on what you will need, we are less likely to run out of merchandise (2) If we can save you, our very valued customer, money then we are more apt to keep your business and remain competitive at the same time (3) If you can plan your ordering to have one primary order (and fill in as need with a few smaller orders), it is more efficient for us to process and ship...and you earn a higher EOL.

We hope you understand, use, and like this policy. If you have any questions, or comments, we hope you contact us on our toll-free number. Best wishes and good shopping!

IMPORTANT INFORMATION

1. Kelco Industries is a wholesale supplier. We offer our product only to commercial buyers, and expect that you will assume the responsibilities of such a buyer.
2. It is your responsibility to inspect all shipments and product upon receipt, and report any inaccuracies or damage to us immediately. All returns must be pre-authorized by us.
3. It is your responsibility to examine and test all product to ensure it meets your needs and specifications, and is satisfactory for your market conditions and use.
4. Specifications and prices of all items are subject to change without notice.
5. No liability is assumed by Kelco Industries for loss, damage or injury resulting from use of products supplied by Kelco Industries.
6. Kelco Industries reserves the right to refuse large orders that will adversely impact inventory to fill the needs of others. We do appreciate those who might need large quantities of product and advise that you place such orders before March so that we have the time needed to acquire or produce those items.
